- 3 soccer fields, 2 basketball courts, 3 volleyball courts
- Indoor playground, concession area, meeting rooms

▶ **PROGRAM DESCRIPTION**

- Ages 18 months and older youth programs
- Adult programs in your choice of sports

If winning, losing, keeping score, starting or coming off the bench isn't what you want your child's early sports participation to be – then KEVA'S Youth Programs are the right fit for your family. KEVA'S Youth Programs are age-based and focus on the key early elements of participation such as teamwork, fundamental skills, and most importantly...HAVING FUN!

MY FIRST SPORTS

KEVA's innovative My First Sports program offers a host of sport specific or multi-sport classes for your 18 month to 6 year old child. Our professional staff will teach your child age-appropriate skills and then motivate them to try new things. We work on cooperation and sharing– two qualities that will help your child succeed on and off the field. Equally important, this is a great time for the little ones to burn off lots of energy!

ATHLETIC KIDZ

KEVA offers Athletic Kidz classes throughout the year in a variety of sports for kids ages 7-14. All classes are taught by our enthusiastic, professional staff and consist of 25 minutes of sport instruction, followed by 25 minutes of game play. This means that your child will learn new skills and immediately put them into practice.

Kids have a blast participating in KEVA sports leagues (soccer, flag football, basketball, and volleyball). They make new friends, learn new skills, and become better athletes. KEVA provides a supportive and safe environment for young kids to enjoy a little healthy competition.

KEVA IS YOUR PLACE TO PLAY
